Overview

The Diploma in Nursing programme at MAHSA International College, Penang (MICP) integrates comprehensive theoretical learning with hands-on practical training in simulation wards and skills laboratories, equipping students with essential nursing competencies. The programme is designed to prepare students to deliver safe, effective, and professional nursing care across a wide range of healthcare settings.

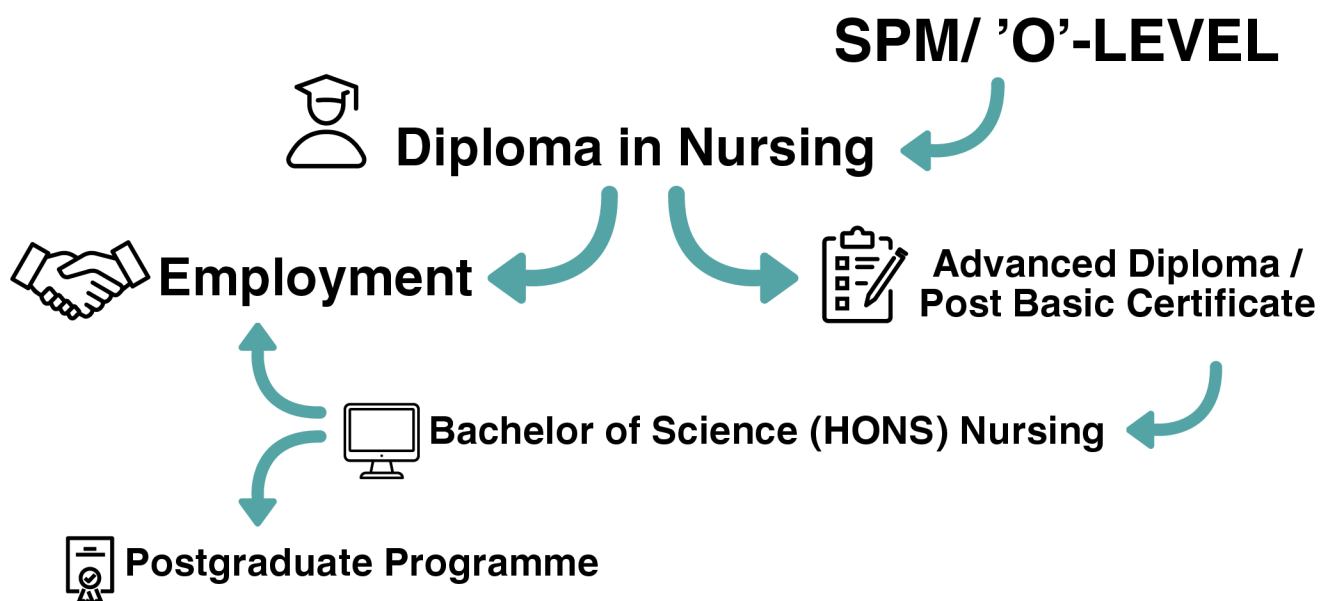

Students will also undergo clinical placements in local hospitals and clinics, providing valuable real-world experience and exposure to the healthcare environment.

This three-year, practice-oriented programme is ideal for school leavers who aspire to pursue a career in healthcare. It prepares graduates to work in hospitals, community healthcare settings, and other medical institutions. The curriculum encompasses Basic Medical Sciences, Nursing Sciences, Behavioural Sciences, and Practical Skills, ensuring a well-rounded and industry-relevant education.

WHY STUDY NURSING AT MICP?
